PROFILE SUMMARY

- Product Experience Owner**, having successfully **launched and scaled 16+ products**, embedding **AI-driven features**, and consistently achieving **~90% positive user feedback** through insight-led design and continuous iteration.
- Research-Driven Design Strategist**, applying advanced **user research methodologies**, including **contextual inquiry, diary studies, usability testing, journey mapping, and A/B testing** to uncover deep user insights and deliver **measurable usability improvements (up to 56%)**.
- Data-Informed Design & UX Storytelling Expert**, translating **qualitative research and quantitative analytics** into **compelling design narratives, personas, experience frameworks, and decision-ready artifacts** that influence product roadmaps and stakeholder alignment.
- Cross-Functional Product & Technology Partner**, collaborating closely with **Product Management, Engineering, and Business stakeholders** to drive **design strategy, interaction models, design systems, and pixel-perfect execution** within **Agile delivery environments**.
- Design Systems, Visual & Interaction Excellence Leader**, building **scalable design systems**, ensuring **brand and UX consistency**, and delivering high-quality **interaction, visual, and motion design** using **Gemini Canvas, Stitch, google AI studio alongside Figma and Adobe Creative Cloud**, backed by formal training in **Human-Computer Interaction (IIT Bombay)**.

WORK EXPERIENCE

Mar'2021 to Currently working | Globallogic | Senior UX Designer

- Launched and scaled 10 products across SaaS, B2B, and B2C markets, driving measurable adoption and engagement.
- Integrated AI-driven features across multiple tools, achieving an average of 90% positive user feedback.
- Leveraged agile methodologies and data-driven insights to enhance user experience and product impact.
- Owned end-to-end interaction design, translating product requirements into intuitive user interfaces.
- Collaborated with 5 PMs to align design with business goals, ensuring seamless cross-functional execution.
- Applied user research methodologies, improving product usability by 56% through innovative design solutions.

Jul'2019 to Feb'2021 | Ofbusiness | Senior Product Designer

- Led end-to-end product design for B2B, SaaS, B2C Product, collaborating with engineering to deliver pixel-perfect solutions.
- Conducted extensive user research and leveraged Google Analytics to inform data-driven design decisions.
- Applied rapid ideation techniques, including sketching and whiteboarding, to generate innovative design solutions.
- Optimized user experience, contributing to a 48% increase in product adoption compared to the previous fiscal year.

Jan'2019 to Jul'2019 | clik.ai | Product Designer

- Partnered with Senior UX designers to identify product needs and pain points, creating UI components, icons, and illustration patterns.
- Optimized design workflows while ensuring visual consistency and brand coherence across multiple projects.

Sep'2016 to Dec'2018 | iimjobs.com | Visual Designer

- Managed end-to-end visual design, from illustrating ideas via storyboards to crafting UI components and widgets.
- Collaborated with marketing teams to design banners, posters, and magazine layouts, strengthening brand visibility.

CORE COMPETENCIES

User-Centered Design Principles

Agile Product Development

Human-Computer Interaction Theory

Behavioral User Research

Design Thinking Methodologies

Cross-Functional Team Collaboration

Usability Testing Strategies

Digital Product Lifecycle

Visual Communication Techniques

Accessibility and Inclusive Design

TECHNICAL SKILLS

- Tools & Software:** Figma, Adobe Illustrator, Photoshop, Gemini Canvas, Stitch, google AI studio
- Branding & Visual Communication:** Branding Design, Magazine & Marketing Design, Storyboarding, Visual Conceptualization
- Methodologies:** Agile, Lean UX, Human-Computer Interaction Principles, Rapid Ideation, Design Thinking, Work Models, Affinity Mapping, Heuristics Evaluation

CERTIFICATIONS

- Interaction & Visual Design Certification**, Arena Animation and Multimedia | 2014 - 2016
- Human Computer Interaction - Indian Institute of Technology Bombay** | 2022

EDUCATION

- Bachelor of Science - Chhatrapati Shahu Ji Maharaj University** | 2016
